

Docket Number 06-SPPE-2  
First Round Data Requests  
El Centro Unit 3 Repower Project  
July 2006

## **INTRODUCTION**

---

On May 19, 2006, the Imperial Irrigation District (IID) submitted a Small Power Plant Exemption (SPPE) to the California Energy Commission (CEC) for the El Centro Unit 3 Repower Project (Project). IID is seeking the SPPE to repower the existing Unit 3 located at the existing El Centro Generating Station (ECGS), in El Centro, California.

On June 20, 2006, the Applicant received Data Requests #1 through #32 from the CEC. The requested information was in the technical areas of air quality, biological resources, land use, noise, public health, transmission systems engineering, visual plume modeling, and waste management. On June 22, 2006, the Applicant was informed that Data Request #10 had been rescinded and CEC staff did not require this information.

On June 29, 2006, the Applicant filed a notice that IID would be unable to provide responses to Data Requests #30 through 32 until September 15, 2006.

The Applicant's responses to Data Requests #1 through #9 and #11 through #29 are included in this filing.
